## Type Master

Brígida Guerreiro is a portuguese graphic designer but only for a small part of the day. Mostly, she is a typography geek who masters the art of drawing letters and breathes inspiration from all around.

Brígida gives her best attention to every detail and meaning behind every line when crafting each type character. Her aim is to achieve perfectly fitted and exquisite works to exceed clients' purposes. And that's why dedication and passion are what best describe our type project results.
